**GARAGE:**

Your safety and the maximum efficiency in service are our priorities. So we take great care to make our garage safe for you according to the safety protocol of the event and its rules.

- » Tyre order fitting and delivery is based on the "FIRST arrived FIRST served". Please don't forget to inform the Michelin staff whenever you drop your tyres or trolleys.
- » At any time you provide rims to fit tyres on, they (rims) must be clean, without weights and without the valve cores. Otherwise, we'll skip to the next team queuing.
- » All tyres must be clearly marked with car n° and proper indications as: SAVE, SCRAP (X)...

**OPENING HOURS:**

We usually open one hour before the beginning of the first stint and receive trolleys until one hour after finishing the last stint. These opening hours are based on a general championship schedule. We'll inform you of any changes or special requests during the meetings.
